Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Wednesday 24 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Early rain soon clearing to leave a dry day.

Today:
Any early rain in the south will quickly clear to leave a mostly dry day with sunny spells. Cloud will gradually build in the north with winds strengthening. Maximum temperature 11 deg C (52 deg F).

Tonight:
A cloudy evening in the north with outbreaks of rain. Drier with clearer conditions further south but soon turning cloudy with some showers overnight. Minimum temperature 5 deg C (41 deg F).

Thursday:
After a largely dry start, it will soon turn cloudier with scattered showers, heavy and persistent in places, throughout the day. Remaining windy. Maximum temperature 12 deg C (54 deg F).

Outlook for Friday to Sunday:
Turning colder on Friday with showers, wintry over high ground. Drier and brighter on Saturday then further outbreaks of rain on Sunday. Windy throughout, with the risk of coastal gales.
